

Roche Hitachi 912 Chemistry Analyzer

Manufacturer: Roche Hitachi

SKU#: 8177-30-0012

- 46 programmable tests available
- Assay types include monochromatic, bi-chromatic, endpoint and kinetic
- Intuitive software with context-sensitive help
- No adapters needed
- Equipped with interchangeable reagents, calibrators and controls
- Offers access to patient results through computerized system.
- Automated sample handling

Product Description

The Roche Hitachi 912 chemistry analyzer is a fully automated system, offering high-quality performance in every use. This clinical chemistry workhorse system was designed to meet various laboratory demands ranging from small to medium workloads. Instrument operators can expect to conveniently obtain reliable results with the Hitachi 912 computerized system. Users can flawlessly perform various laboratory procedures with the Roche Hitachi 912 including standard and special clinical chemistries, homogeneous immunoassays and STAT analyses. This model can also store up to 35 tests on board including 3 Ion-Selective Electrodes (ISE), and perform 360 tests per hour or up to 720 tests with an optional ISE. GMI offers installation and training on instrument handling for every Roche Hitachi 912 Chemistry Analyzer shipped to laboratory facilities. Total reaction vol. per test

WHY BUY FROM GMI?

Your trusted source for Used & New lab equipments, Parts, Factory Clearance instrument service since 1985.

Shop a comprehensive selection of brand new lab instruments from trusted brand names.

Enjoy big savings on New Instrument purchases with our Trade In & Trade Up Program.

Experience customer-driven services. We offer training and installation options as well as multi-year service agreements.

GMI is a ISO 9001:2008 certified company - your proof that your instrument purchase from GMI passes through rigorous refurbishing, recalibration, and recertification process, arriving at your laboratory in fully working order and defect free. We are not an auction company, nor are we an instrument broker... getting in the middle of 'deals'. All items come complete with the final QC date, engineer's ID# and a copy of test results / QC data, if applicable. Additionally, all items are thoroughly cleaned and professionally packaged / crated with care to ensure they arrive safely in your lab ready for professional installation.
