

Item description/product images

Description

Material:

Metal parts stainless steel 1.4401.

Buffer natural rubber, medium hardness (55 Shore A).

Version:

Buffer grey.

Note:

Rubber-metal buffers are used i.e. to protect equipment in storage, as elastic buffers to limit the travel of a moving mass or as feet for machines and equipment that are not screwed down and stand on sensitive flooring e.g. office equipment. Natural rubber does not leave marks or discolouring on floors.

Temperature range:

-30°C to +80°C.

On request:

Metal parts, stainless steel 1.4301.
