

## Item description/product images

## Description

**Material:**

Stainless steel 1.4305.

**Version:**

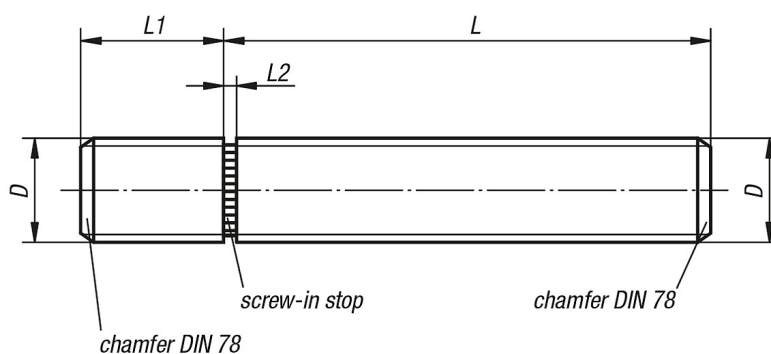

Bright.

**Note:**

The screw stud with screw stop was designed for use as a glue-in stud. They make it possible to economically produce small to medium series of mechanical fastening elements with male threads.

Weiconlock AN 301-43 (article No. 120-4) has proved itself as an efficient adhesive for this purpose.
