### Description

**Note:**

Keep container tightly closed.

**Application:**

Inox Care is a mild, high-purity protectant and cleaner for stainless steel. It promotes a uniform ageing process of stainless steel and protects against fingerprints. Fingerprints and dirt can be simply wiped off with a cloth on surfaces treated with Inox Care.

Fields of use:

- Food industry
- Decorative metals
- Building maintenance
- Chemical and oil processing industry

**Advantages:**

- Cleans and preserves the finish.
- Promotes uniform ageing process of stainless steel.
- Offers long-term protection from fingerprints on polished or brushed stainless steel.
- Displaces moisture and protects against corrosion.
- Acid-free.
- Non-combustible.
