24VDC (Optional 120VAC)

### Speed Range

10-500 Cartons Per Minute

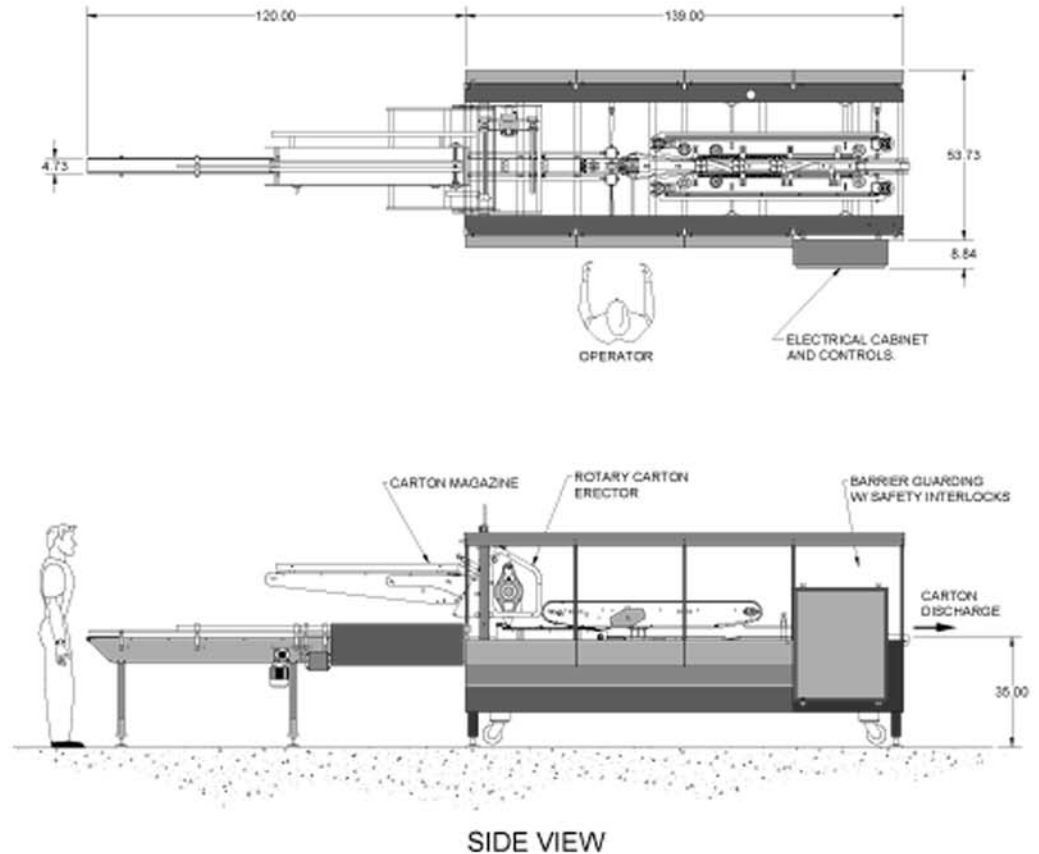

### Air Consumption

12 CFM @ 80 PSI

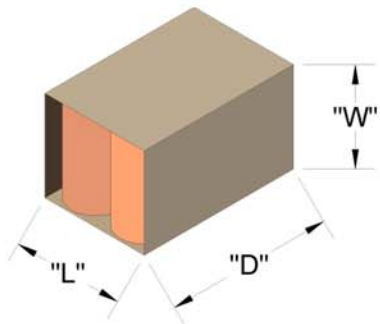

### Floor Space

62.57" Width (1589.278mm)  
139" Length (3530.6mm)  
70" Height (1778mm)

## AM-3H

## Carton Style

## Designed to Perform

With a variety of attachments and options, the AM-3H can be fitted to perform almost any task when it comes to multi-pack or wrap-sleeve cartoning. This model uses line shaft drives to minimize unwanted chains that wear in time. It's protected with a detent overload clutch and plenty of horsepower to accommodate addition infeed conveyor length if the need arises. Attachments include Deboss Coding; Laser or Inkjet; SmartBelt Product Infeed; Timing Screws for Bottling Applications; Rotary Carton Placement with Powered Carton Magazine.

For further information, call one of our qualified salespersons or equipment representatives and let us put together a plan to get your company started in the direction of quality and performance.
